Key Product Features & Benefits

Easy Online Setup

Wirelessly connect directly to the pump using a smartphone and iAquaLink app. Built-in hotspot technology makes pump setup and programming simple - even without Internet access.

Anytime, Anywhere Control

Control the pump anytime, anywhere with the iAquaLink app when connected to the web. Access and edit schedules 24/7.

Conveniently Set Schedules Bases Upon Your Requirements

Simplified remote-mounted user interface allows access to common service features. Service functions can also be accessed via a smartphone and iAquaLink app.

Customise for Maximum Energy Efficiency

Pumps can be programmed to run at non-peak energy periods. Energy consumption can be adjusted to pool needs.

AquaLink Technology

First of its kind, innovative, market leading technology that allows easy on-line setup anytime anywhere control. Convenient energy efficiency and smart device for economic pool automation.
